collaborators claim that they cannot replicate our original double training results using identical procedures (Liang, Fahle, & Liu, 2015). Here we point out that the relevant data in Liang et al. (2015) are actually not very different from those in Zhang and Yang (2014). We thus pool data from both studies to

ot04 3K(o)5.2(u9V764 Tm2(d))(28.9(w77(r)7))-1. [(ot04u4(e)-336.2(t)-H121 ap7(e)-2.9(l).5(u)-59V76(s)-1.5(e)-336.2e

transfer, $TI = 1$ would indicate complete learning transfer, and 0,
